

## Sticky Everlasting *Xerochrysum viscosum*

### When to look:

Throughout year; flowers  
late spring to summer

Bright yellow flower  
heads, 20-30mm  
wide

Small stiff herb 20-  
80cm high with multiple  
branches and hair  
covered stems

### Similar species:

May be confused with  
*Xerochrysum*  
*bracteatum*  
(Strawflower) has  
broader hairier leaves  
and larger flower  
heads

Stems with fine  
hairs or prickles.  
30-100mm long,  
2-10mm wide linear  
leaves with bright  
green elliptic (oval  
like shape) that  
have a sticky and  
rough surface.
